

DEPARTMENT OF THE ARMY PERMIT

Permittee: Walter C. Neitzke  
Colonel, Corps of Engineers  
District Commander  
On Behalf of the General Public

Permit No.: 81-000-4

Processing No.: Sample Regional Permit

Effective Date: July 20, 1995

Expiration Date: July 20, 2000

Affirmation Date: This permit has NOT been affirmed

Issuing Office: U.S. Army Engineer District, Buffalo  
1776 Niagara Street  
Buffalo, New York 14207-3199

**IMPORTANT:** PRIOR TO COMMENCING THE ACTIVITY AUTHORIZED BY THIS PERMIT OR DIRECTING A CONTRACTOR TO PERFORM SUCH ACTIVITY ON YOUR BEHALF, BE SURE THAT ALL PARTIES READ, UNDERSTAND AND COMPLY WITH THE TERMS AND CONDITIONS OF THIS PERMIT.

NONCOMPLIANCE WITH ANY OF THE TERMS OR CONDITIONS MAY RESULT IN AN ORDER TO REMOVE THE ACTIVITY; CIVIL AND/OR CRIMINAL PENALTIES OR BOTH.

**AUTHORITIES:** You have been authorized to undertake the activity described below pursuant to:

Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403)

and

Section 404 of the Clean Water Act (33 U.S.C. 1344)

**AUTHORIZED ACTIVITY:** Construction of a boat ramp, including dredging for site preparation that have received written affirmation of permit applicability from the U.S. Army Engineer District, Buffalo.

LOCATION OF THE AUTHORIZED ACTIVITY: Waters of the United States that are located within the State of New York and subject to regulation by the U.S. Army Engineer District, Buffalo.

The general public is hereby authorized by the Secretary of the Army to perform the work authorized by this permit provided there is full compliance with the following general and special conditions:

NOTE: The term "you" and its derivatives, as used in this permit, means the permittee or any future transferee. The term "this office" refers to the appropriate district or division office of the Corps of Engineers having jurisdiction over the permitted activity or the appropriate official of that office acting under the authority of the commanding officer. The term "activity" as used in this permit includes all structures and work authorized by this permit.

GENERAL CONDITIONS:

1. The work authorized under this regional permit must begin within one year of the affirmation date and must be completed prior to the expiration date noted on the first page of this authorization. In the event that the affirmation date is less than twelve months prior to the expiration date, the regional permit will remain valid for a period of twelve months from the affirmation date. In no case shall authorization exceed twelve months beyond the expiration date. If you find that you need more time to begin and/or complete the authorized activity, submit your written request for a time extension to this office at least three months before the respective date(s).
2. You must maintain the activity authorized by this permit in good condition and in conformance with the terms and conditions of this permit. You are not relieved of this requirement if you abandon the permitted activity, unless you make a good faith transfer to a third party in accordance with General Condition No. 4 below. Should you wish to cease to maintain the authorized activity or should you desire to abandon it without a good faith transfer, you may be required to remove the structure(s) and restore the site to its original pre-project conditions.
3. If you discover any previously unknown historic or archaeological remains while accomplishing the activity authorized by this permit, you must immediately notify this office of what you have found. We will initiate the Federal and State coordination required to determine if the remains warrant a recovery effort or if the site is eligible for listing in the National Register of Historic Places.
4. If you sell the property associated with this permit, you must obtain the signature of the new owner in the space provided and forward a copy of the permit to this office to validate the transfer of this authorization.
5. You must allow representatives from this office to inspect the authorized activity at any time deemed necessary to ensure that it is being or has been accomplished in accordance with the terms and conditions of your permit.

### SPECIAL CONDITIONS:

1. The boat ramp shall not occupy more than 1200 square feet of waterway bottom as measured waterward from the Ordinary High Water elevation. No portion of the ramp below Ordinary High Water shall exceed 20 feet in width. Only one boat ramp per property owner shall be authorized by this permit.
2. The boat ramp shall be constructed of precast concrete, poured in place concrete, timber, metal or other inert materials such as stone or coarse gravel. The use of debris, asphalt or other materials such as earthen fill which will degrade water quality is prohibited. Timber used for any in water component shall not be freshly treated with creosote, pentachlorophenol or petroleum based preservatives. Timber treated with creosote that has been weathered for several years may be used.
3. When poured in place concrete is used it shall be poured in tightly sealed forms in the dry. If poured in place concrete is to be used, you must advise this office, as additional authorization beyond the scope of the permit may be required for any cofferdam and the activity will be subject to additional special conditions.
4. Dredging is limited to that which is necessary for site preparation of the boat ramp. Except as specified by the District Commander, all dredged material shall be deposited on upland property well removed from waters of the United States, including wetlands and shall be adequately contained and stabilized to preclude reentry into these waters. In certain areas the District Commander may require dredged sand, gravel or cobble to be returned to the waterway or adjacent beach area.
5. Dry wells, French drains, Dutch drains or other similar devices shall be incorporated into the ramp design to prevent the direct input of runoff from any adjacent paved areas upslope of the boat ramp into the water.
6. This permit does not authorize the construction of boat ramps on barrier beaches.

7. For activities and structures located in New York State Significant Coastal Fish and Wildlife Habitats, you must furnish the New York State Department of State with a certification statement that your action is consistent with the State's Coastal Management Plan. Activities and/or structures located in these Significant Habitats are approved by this regional permit only when you obtain an individual consistency certification concurrence for your project from the New York State Department of State. No work shall be started under this permit until the concurrence has been secured or the state has failed to act on the consistency certification within six months and the certification is presumed. You must comply with all conditions of your individual Coastal certification concurrence. In addition, you must furnish the District Engineer, Buffalo District, with a copy of the CZM certification concurrence letter or a **dated** copy of the consistency certification that you provided to the New York State Department of State.

Consistency statements should be forwarded to:

New York Department of State  
Division of Coastal Resources  
41 State Street  
Albany, New York 12231-0001

Telephone (518) 474-6000

8. The District Commander reserves the right to include any additional special conditions or require an individual permit as may be necessary to safeguard the public interest or protect important public resources on a case by case basis.

#### EXCLUSIONS:

This permit does not apply to:

1. Any freshwater wetland as defined in Department of the Army permit regulations at Title 33 of the Code of Federal Regulations, Parts 320 et. seq., or other special aquatic sites as defined in the U.S. Environmental Protection Agency Guidelines for Specification of Disposal Sites for Dredged or Fill Material at Title 40 of the Code of Federal Regulations, Part 230, except for structures described in Special Conditions 7, 8, 16 and 17 of this permit.
2. State designated freshwater wetlands, important agricultural lands and those which will be designated by the State in the future, historic resources on the State Register of Historic Places and resources which are a part of the State Nature and Historic Preserve Trust, when these resources lie within the designated New York State Coastal Area.
3. Activities that have an effect on historic, cultural or archaeological sites identified in the latest published version of the National Register of Historic Places, or sites eligible for inclusion in this register, unless the State Historic Preservation Officer makes a determination that the effect will not be adverse.
4. Activities that have an effect on sites included in the latest published version of the

National Register of Historic Landmarks, which are published periodically in this register, unless the State Historic Preservation Officer makes a determination that the effect will not be adverse.

5. Any other areas named in Acts of Congress or Presidential Proclamations as National Wilderness Areas, National Recreational Areas, Lakeshores, Parks, Monuments and such areas as may be established under Federal Law for similar and related purposes, such as estuaries and marine sanctuaries, except where specifically authorized by this regional permit.

6. Activities that have an effect on a component of the National Wild and Scenic Rivers System, or areas listed in the Nationwide Rivers Inventory, Final List of Rivers for New York as published by the U.S. Department of the Interior, or in a component of a State Wild and Scenic River. Activities located in these areas will be evaluated on a case by case basis, which will include coordination with the National Park Service and/or the New York State Department of Environmental Conservation.

7. Activities that have an effect on rivers currently being studied at the direction of Congress as potential additions to the National Wild and Scenic Rivers System, or rivers for which Wild and Scenic Rivers studies have been completed and forwarded to Congress and which Congress is still considering. Activities located in these areas will be evaluated on a case by case basis, which will include coordination with the National Park Service.

8. Structures which may jeopardize the continued existence of species listed as endangered or threatened under the Endangered Species Act of 1973, as amended, or result in the likelihood of the destruction or adverse modification of a habitat which is determined by the Secretary of the Interior or Commerce, as appropriate, to be a critical habitat under the Endangered Species Act of 1973, as amended.

#### LIMITS OF THIS AUTHORIZATION:

1. The granting of this permit does not obviate the need to obtain other Federal, State or local authorizations as required by law. Specifically, a permit pursuant to the Environmental Conservation Law Articles 15, 24 or 34 may be required from the New York State Department of Environmental Conservation.

2. Issuance of this permit does not grant you any property rights or exclusive privileges, nor does it authorize any injury to the property or rights of others.

3. This permit does not authorize interference with any existing or proposed Federal project, nor does it convey any authority to interfere with the right of the public to free navigation on all navigable waters of the United States.

LIMITS OF FEDERAL LIABILITY: In issuing this permit, the Federal Government does not assume any liability for the following:

1. Damages to the permitted project or uses thereof as a result of other permitted or unpermitted activities or from natural causes.

2. Damages to the permitted project or uses thereof as a result of current or future activities undertaken by or on behalf of the United States in the public interest.
3. Damages to persons, property, or to other permitted or unpermitted activities or structures caused by the activity authorized by this permit.
4. Design or construction deficiencies associated with the permitted work.
5. Damages associated with any future modification, suspension, or revocation of this permit.

RELIANCE ON APPLICANT'S DATA: The determination of this office that issuance of this permit is not contrary to the public interest was made in reliance on the information you provided.

REEVALUATION OF THE DECISION TO GRANT A REGIONAL PERMIT: This office may reevaluate its decision on this permit at any time circumstances warrant. Circumstances that could require a reevaluation include, but are not limited to, the following:

1. You fail to comply with the terms and conditions of this permit.
2. The information provided by you in support of your application proves to have been false, incomplete or inaccurate.
3. Significant information surfaces which this office did not consider in reaching the original public interest decision.

Such a reevaluation may result in a determination that it is appropriate to use the suspension, modification, and revocation procedures contained in Title 33 of the Code of Federal Regulations Part 325.7 or enforcement procedures such as those contained in Title 33 of the Code of Federal Regulations Parts 326.4 and 326.5. The referenced enforcement procedures provide for the issuance of an administrative order requiring you to comply with the terms and conditions of your permit and for the initiation of legal action where appropriate. You will be required to pay for any corrective measures ordered by this office, and if you fail to comply with such directive, this office may, in certain situations, (such as those specified in Title 33 of the Code of Federal Regulations Part 209.170) accomplish the corrective measures by contract or otherwise and bill you for the cost.

EXTENSIONS: General Condition 1 establishes a time limit for the completion of the activity authorized by this permit. Unless there are circumstances requiring either a prompt completion of the authorized activity or a reevaluation of the public interest decision, the Corps will normally give favorable consideration to a request for an extension of this time limit. Extension requests must be submitted in accordance with the directions given in General Condition 1.
